God Invites Us to Mass Craft

Supplies Needed:

Scissors Glue

Crayons

Have your child cut out the rectangles. The rectangles will be used as doors to the church. They may color them as they wish. The children will glue the rectangles partially to either side of the square of the church. They may add windows and color the church as they wish. They can draw their family, church family or other members of the church inside of the square. When they open the doors they can see everyone inside.
